How did you hear about this seminar? _____

During the Beekeeper Course we will be working with **live honey bees**; there is a realistic chance that anyone attending the course can be stung. People with allergies or potential allergies to insect stings should **NOT** attend the course. You are also not required to attend the bee yard with the live honey bees, but if you do you are attending at your own risk. The indoor observation hives display live bees for your viewing pleasure only.

Participant's Signature

Second Participant's Signature (If under 14yrs old, a parent/guardian responsible must sign form):
